NEWS BY TO-DAY'S MAIL.

On Wednesday, a South Carolina Delegation, headed by Hon. B. F. Perry, Provisional Governor of that State, had an agreeable interview with the President. The subject of the interview was regarding the reorganization of the State of South Carolina. The question was fully discussed, the delegation assuring the President that the great mass of the people of the State were anxious to resume their former position in the Union, and yielded a hearty acquiescence in the re-establishment of the supremacy of the law and in regard to the abolition of slavery.

It is said that Elder Brigham Young intimated to Speaker Colfax, in a recent interview at Salt Lake City, that he expected a revelation from the Lord that "polygamy should be stopped," and said he was prepared to enforce the divine injunction.

Another large number of applications for pardon were received at the office of the Attorney General yesterday, among which were those of Neil S. Brown, ex Governor of Tennessee, and Judge Ridley, once Chancellor of the same State.

The resignation of Thomas U. Walter, architect of the Capitol extension, has been accepted. Edward Clark, formerly a student of Mr. Walter, who has been acting with him during the progress of the work, takes charge temporarily of the architect department.

The Report of the Committee on the Conduct of the War severely censures Gov. Evans and Col. Chivington for the massacre of the Cheyenne Indians.

Accounts from Mexico say that that the Imperialists have evacuated Camargo, and are falling back on Monterey, abandoning the entire country. They are being much annoyed in their march by Cortinas.

Brownsville dates to the 8th instant state that Generals Kirby Smith, Magruder, Price, Shelby, Douglass, and Jackman, with several hundred men and officers, and two pieces of artillery, and a large wagon train, had gone to Mexico. Governors Moore and Allen, of Louisiana, and Clarke, of Texas, and others of lesser importance, have also gone to Mexico.

Bishop Potter, of Pennsylvania, died in San Francisco, California, a few days ago.

An officer lately on the Military Commission that tried the Chicago conspirators, and detained on the staff of the General then in command of that department, the Cincinnati Gazette, says, has been detected in cheating an Express agent, and cheating a lady in New York, who had loaned him money.

When the railroads are opened to Charleston, a considerable supply of cotton from the interior of South Carolina, is expected.

Before the war the annual produce of sugar in Louisiana exceeded 400,000 hogsheads, a crop which has since diminished to about 10,000 or 11,000. It has been stated that the probable amount this year would reach 30,000 hogsheads. The Picayune, however, thinks the quantity raised this year will not greatly exceed that of 1863.

A very considerable portion of the German population of the Western and Northwestern States seems to be thoroughly imbued with a spirit of radicalism of an intenser and more destructive character even than that which animates the extremists in New England. The Germans, in other sections of the United States, especially those who have been long in the country, are far from agreeing with these men, and repudiate their crude and violent notions.

The New Orleans journals of the 15th inst., publish a full report of the speech which was made by General Banks in that city on the 4th July last, and in which he advocated negro suffrage without any reservation or qualification. It is stated that a majority of his auditors were negroes.
